

Project Demo Planning

Date	6 July 2026
Team ID	XXXXXX
Project Name	Emotion Detection and Learning Support Engine
Maximum Marks	1 Mark

Project Demo Planning:

A well-structured demo plan ensures that the team presents the project effectively, covering all key aspects in a clear and organized manner. This document outlines the plan for demonstrating the project, including the flow of the demo, key features to highlight, and responsibilities of each team member.

S.No	Demo Section	Description	Duration (mins)	Responsible Member
1	Introduction	Introduce the project, objectives, and problem statement.	2	Team Member 1
2	System Architecture	Explain the overall architecture, technologies used, and workflow.	3	Team Member 2
3	Live Feature Demonstration	Demonstrate emotion detection, AI-generated learning recommendations, motivational feedback, and dashboard.	6	Team Member 3
4	Deployment overview	Demonstrate the deployed application on Render and explain the frontend-backend integration.	2	Team Member 1
5	Results & Future Scope	Present project outcomes, performance, and possible future enhancements.	2	Team Member 2
6	Questions & Answers	Address questions from the evaluation panel.	3	Team Member 3

Demo Flow Summary:

Step	Activity	Notes
1	Introduction & Problem Statement	Explain the need for emotion-aware learning support and project objectives.
2	Solution Overview	Describe the system architecture, technologies used (Next.js, FastAPI, Gemini API, Render), and application workflow.
3	Live Feature Demonstration	Demonstrate image upload, emotion detection, AI-generated recommendations, motivational feedback, and responsive dashboard.

4	Q&A Session
